

High-Speed Internet Community Clusters

Finally, a High-Speed Internet option that puts you in the driver's seat!

It's up to you!

How can you help your area be the first to get;
High-Speed Internet?

It's as easy as 1-2-3!

- 1) Spread the word! - Tell everyone in your area about Community Clusters.
- 2) Get 30 to Call! - 30 people from your area must call us and commit to a Community Cluster.
- 3) We build a Community Cluster! - We invest the time and money to build a new tower in your area.

We're Community Wireless! A local company that has been providing High-Speed Internet to rural communities in Clark, Floyd, and Harrison counties since 2005. Our mission is to improve the quality of life in rural communities by providing High-Speed Internet and Phone services.

The Community Cluster program gives people in rural communities the power to bring High-Speed Internet services to their local area. We realized there were too many people which we were unable to reach from our main towers. With Community Clusters, any community can be the next place High-Speed Internet is provided!

You have the power to make this happen!
